  - g. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; [Not applicable during the period of audit].
  - h. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; [Not applicable during the period of audit].
  - i. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; [Not applicable during the period of audit].
6. I have relied on the representation made by the company and its Officers for systems & mechanisms formed by the Company for compliances under other applicable Acts, Laws and Regulations which are mentioned under:
- a) The RBI Act, 1934;
  - b) The Finance Act, 1994;
  - c) Chapter V of the Finance Act, 1994;

I have also examined compliance with the applicable clauses of the following:

- i. Secretarial Standards with respect to Board and General Meetings (SS-1 and SS-2) specified by The Institute of Company Secretaries of India;
- ii. The Listing Agreements entered into by the Company with BSE Limited read with The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above:

I further report that -

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors and Non-Executive Directors and Independent Directors.

Adequate notice is given to all Directors to schedule the Board Meetings, Committee Meetings, agenda and detailed notes on agenda were sent well in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting. As per the minutes of the meetings duly recorded and signed by the Chairman, the decisions of the Board were unanimous and no dissenting views have been recorded.

I further report that based on the information provided and the representation made by the Management and taken on record by the Board of Directors of the Company, in our opinion, there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period, the Company had no events which had bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, etc. referred to above.

**ANNEXURE 'B'**  
**MANAGEMENT DISCUSSION AND ANALYSIS REPORT**

The Directors of Mudra Financial Services Limited are pleased to present the Management Discussion & Analysis ("MD & A") Report for the year ended 31st March, 2021.

**A. INDUSTRY STRUCTURE AND DEVELOPMENTS:**

The company is engaged in the business of rendering all kinds of financial services including granting of loans and advances to various segments of industry.

**B. OPPORTUNITIES AND THREATS:**

NBFCs, Banks and various financial lenders are facing the threat of increase in Non-performing assets which had resulted in a slowing credit growth. However, the demand for credit has been increasing gradually due to various measures taken by the RBI and the Government to increase liquidity in the market. This bodes well for NBFC's as newer opportunities for lending may be available.

**C. FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:**

The Company had a total income from operations of Rs.160.12 lakhs during the current year as compared to Rs. 110.45 lakhs earned in the previous year. During the year under review, the company has earned Profit after Tax of Rs.102.69 lakhs as compared to Profit after Tax of Rs. 47.61 lakhs in immediately preceding financial year. The Company has been able to perform well during the year under review, which has happened due to the commitment and untiring efforts of management, executives and staff at all the levels who were instrumental in achieving these results.

**D. SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE:**

The Company's main business is providing financial assistance independently and to make investment in shares, equity mutual funds, etc. All the activities of the Company are related to its main business. As such there are no separate reportable segments.

**E. OUTLOOK:**

In the present era of digital revolution, technology has been leaving its incredible mark in several areas, including finance. The Directors believe every Company with a captive user base, will begin to offer customized financial products to them. These financial products will be offered based on user data and have gathered on the basis of the user's actions on its platform. Technology's involvement is proving to be beneficial at providing efficiency gains by calculating credit scores based on machine learning algorithms, alternative data points such as social media footprints, call records, shopping histories, payments to utility service providers and various other data points. This data combined with traditional data such as CIBIL scores and bank statements will form the basis of new age credit underwriting. MFSL is extremely bullish on the fintech industry and sees this to be the inflection point in the lending industry of India.

**F. RISKS AND CONCERNS:**

The Company is mainly exposed to risks arising out of counterparty failures, funding and asset concentration, interest rate movement and risks pertaining to liquidity and solvency, as any other financial sector player. It is also exposed to market risk in the form of reduction in value of its investments and fall in returns due to dip in the investee Company's performance. As a result today's operating environment demands a rigorous and integrated approach to risk management, which the Company has incorporated in its strategic and operating decisions.

**G. INTERNAL CONTROL SYSTEM AND ITS ADEQUACY:**

The Company is following a proper and adequate system of internal controls in respect of all its activities including safeguarding and protecting its assets against loss from unauthorized use or disposition. Further, all transaction entered into by the company are fully authorised, recorded and reported correctly.

**H. MATERIAL DEVELOPMENT IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT:**

The relationship with the staff with all levels remained cordial during the year.

**I. DETAILS OF SIGNIFICANT CHANGES IN KEY FINANCIAL RATIO:**

During the year under review, there were no significant changes in Key Financial Ratios of the Company as compared to previous financial year.

**J. CAUTIONARY STATEMENT:**

Statement in the Management Discussion and Analysis describing the Company's objectives, expectations, estimates or predictions may be forward looking within the meaning of applicable securities laws and regulations. Actual results may differ materially from those expressed in the statement due to external factors. The company assumes no responsibility to publicly amend, modify or revise any forward looking statements on the basis of any subsequent developments, information or events.

## INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF MUDRA FINANCIAL SERVICES LIMITED

Report on the Audit of the Ind AS Financial Statements

**Opinion**

We have audited the accompanying Ind AS financial statements of MUDRA FINANCIAL SERVICES LIMITED ("the Company") which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and notes to the financial statements, including a summary of significant accounting policies (hereinafter referred to as the "the Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Ind AS financial statements.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description	Auditor's Response
<p>As at the year end, the Company has granted loans of ₹ 7,35,00,000/-. Management estimates impairment provision using specific approach method. We have reported this as a key audit matter because measurement of loan impairment involves application of significant judgement by the management. The most significant judgements are :</p> <ul style="list-style-type: none"> <li>• Timely identification of the impaired loans</li> <li>• Key assumptions in respect of determination of probability of defaults and loss given defaults.</li> </ul>	<p>Principal audit procedures performed:</p> <ul style="list-style-type: none"> <li>• Management's judgement applied for the key assumptions used for the purpose of determination of impairment provision</li> <li>• For loans identified by management as potentially impaired, examined on a test check basis, calculation of the impairment, critically assessed the underlying assumptions and corroborated these to supporting evidence.</li> </ul>

**Other information**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibility for the Ind AS Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Ind AS Financial Statements**

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Ind AS financial statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Ind AS financial statements have been kept by the Company so far as it appears from our examination of those books.
- c) The company does not have any branches. Hence, the provisions of section 143(3)(c) is not applicable.
- d) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
- e) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- f) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- g) With respect to adequacy of internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B"
- h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, remuneration paid by the company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- i) In our opinion and to the best of our information and according to the explanations given to us, we report as under with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- (i) The Company has disclosed the impact of pending litigations on its financial position as referred to Note 28 to the Ind AS financial statement.
- (ii) The Company did not have any long-term contracts including derivative contracts; as such the question of commenting on any material foreseeable losses thereon does not arise.
- (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

**Re: MUDRA FINANCIAL SERVICES LIMITED**

**Annexure ‘A’ to the Independent Auditors’ Report**

(Referred to in paragraph 9 under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

- i. (a) The company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
- (b) All the fixed assets have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. As informed to us, no material discrepancies have been noticed upon such verification.
- (c) The company does not have any immovable properties of freehold or leasehold land and building and hence reporting under clause (i) (c) of the Order is not applicable.
- ii. The management has conducted physical verification of stock in Trade at reasonable interval during the period and also at the year end. As informed to us no material discrepancies have been noticed upon such verification.
- iii. The Company has not granted any loan, secured or unsecured, to Companies, Firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Therefore, the provisions of Clause 3 (iii)(a), (iii)(b) and (iii)(c) of the said Order are not applicable to the Company.
- iv. According to the information and explanation given to us, the company has not granted any loans or made any investments, or provided any guarantees or given any security in respect of which provisions of sections 185 and 186 of the Companies Act, 2013 are applicable.
- v. The Company being NBFC, the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed there under are not applicable to the company. Hence the provisions of Clause (v) of Paragraph 3 of the Companies (Auditor’s Report) Order, 2016 is not applicable to the Company.
- vi. The Central Government has not prescribed maintenance of Cost records under sub-section (1) of section 148 of the Act, in respect of the activities carried on by the company.
- vii. (a) According to the information and explanations given to us and on the basis of our examination of our records of the Company, in respect of undisputed statutory dues including provident fund, employees' state insurance, income tax, wealth tax, sales tax, Goods and service tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues have generally been regularly deposited with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of the aforesaid dues were in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.

- b According to the information and explanations given to us, there are no dues of income tax, sales tax or service tax, customs duty, excise duty or value added tax not been deposited on account of any dispute except for the following:

**(Amount in INR)**

<b>Name of Statue</b>	<b>Nature of Demand</b>	<b>Period to which it relates</b>	<b>Amount of dispute</b>	<b>Forum where dispute is pending</b>
Income Tax Act, 1961	Income Tax	FY 2014-15	5,40,750/-	Appellate Tribunal

- viii. The Company has not taken any loan from financial institutions or banks during the year; hence the provisions of clause (viii) of paragraph 3 of Companies (Auditor’s Report) Order, 2016 are not applicable to the Company.
- ix. The Company has not raised money by way of initial public offer or further public offer (including debt instruments) and has not taken any term loans during the year hence the provisions of clause (ix) of paragraph 3 of Companies (Auditor’s Report) Order, 2016 are not applicable to the Company.

- x. Based on the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and as per the information and explanations given, no fraud on or by the Company, by its officers or employees has been noticed or reported during the course of audit.
- xi. In our opinion and according to the information and explanations given to us, managerial remuneration paid or provided by the Company is in accordance with section 197 read with Schedule V of the Act.
- xii. As the company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, therefore the provisions of clause (xii) of paragraph 3 of Companies (Auditor's Report) Order, 2016 are not applicable to the Company.
- xiii. **Re: MUDRA FINANCIAL SERVICES LIMITED****Annexure – ‘B’ to the Auditors’ Report****(Report on the Internal Financial Controls under Clause (f) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”))**

We have audited the internal financial controls over financial reporting of “MUDRA FINANCIAL SERVICES LIMITED” (“the Company”) as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

**Management’s Responsibility for Internal Financial Controls**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020****1 Corporate Information**

Mudra Financial Services Limited (the 'Company') was incorporated in India on June 27, 1994 under the provisions of The Companies Act, 1956 ('the Act'). "The Company engaged in the business of financial activities which includes trading and investment in shares, granting of loans, etc" The Company holds a Certificate of Registration (CoR) as Non-Banking Financial Institution, without accepting public deposits, registered with the Reserve Bank of India ("RBI") under section 45-IA of the Reserve Bank of India Act, 1934. "The Registered office of the company is situated at 3rd Floor, Vaastu Darshan, "B" Wing, Azad Road, Andheri (East), "Mumbai- 400 069." The financial statements of the Company for the year ended March 31, 2021 were authorised for issue in accordance with the resolution of the Board of Director on June 24, 2021.

**2 Significant Accounting Policies****2.1 Basis of preparation**

The financial statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)

The financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest Rupee, except when otherwise indicated.

The preparation of financial statements requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosed amount of contingent liabilities. Areas involving a higher degree of judgement or complexity, or areas where assumptions are significant to the Company are discussed in Note 3 - Significant accounting judgements, estimates and assumptions.

**2.2 Presentation of financial statements**

The financial statements of the company are presented as per Division III of the Schedule III to the Companies Act 2013.

Financial assets and financial liabilities are generally reported gross in the Balance Sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- The normal course of business
- The event of default
- The event of insolvency or bankruptcy of the Company and/or its counterparties.

**2.3 Statement of Compliance**

These standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 and the other relevant provisions of the Act.

**2.4 Summary of significant accounting policies****(a) Revenue from operations****(i) Interest income**

- Income from lending Business

Interest Income on a financial asset at amortised cost is recognised on a time proportion basis taking into account the amount outstanding and the effective interest rate ('EIR').

The EIR in case of a financial asset is computed:-

- a. At the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b. By considering all the contractual terms of the financial instrument in estimating the cash flows.
- c. Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

Interest income on credit impaired assets is recognised by applying the effective interest rate to the net amortised cost (net of provision) of the financial asset.

## (ii) Fees and Commission Income

"Fees and commissions are recognised when the Company satisfies the performance obligation, at fair value of the consideration received or receivable based on a five-step model as set out below, unless included in the effective interest calculation:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation.

## (iii) Dividend income

Dividend income is recognised:

- a. When the right to receive the payment is established,
- b. It is probable that the economic benefits associated with the dividend will flow to the entity and
- c. The amount of the dividend can be measured reliably

Dividend Income is disclosed separately in Statement of Profit and Loss and not as Fair Value Changes on Financial Assets at FVTPL.

## (iv) Net gain on Fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss held by the Company on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under Revenue from operations and if there is a net loss the same is disclosed under "Expenses" in the statement of Profit and Loss.

Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at FVOCI is recognised in net gain / loss on fair value changes.

However, net gain / loss on derecognition of financial instruments classified as amortised cost is presented separately under the respective head in the Statement of Profit and Loss.

**(b) Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

**(i) Initial measurement of financial instruments**

Financial assets and financial liability are initially measured at fair value. Transaction cost that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities recorded at fair value through profit & loss (FVTPL)), are added to or subtracted from the fair value of financial assets or financial liabilities, as appropriate, on initial recognition. Transaction cost directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognized immediately in profit or loss.

**(ii) Day 1 profit or loss**

When the transaction price of the instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, the Company recognises the difference between the transaction price and fair value in net gain on fair value changes. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is deferred and is only recognised in profit or loss when the inputs become observable, or when the instrument is derecognised.

**(iii) Classification & measurement categories of financial assets and liabilities:**

The Company classifies all of its financial assets based on the business model for managing the assets and the asset's contractual terms, measured at either:

**Financial assets at amortised cost (AC)**

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold assets for collecting contractual cash flows and contractual terms of the financial asset give rise on specified dates to cash flows that are solely for the payments of principal and interest on the principal amount outstanding. The changes in carrying value of financial assets is recognised in profit and loss account.

**Financial assets at fair value through other comprehensive income (FVTOCI)**

A financial asset is measured at FVTOCI if it is held within business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial assets that give rise to cash flows on specified dates, that represent solely payments of principal and interest on the principal amount outstanding. The changes in fair value of financial assets is recognised in Other Comprehensive Income.

**Financial Assets at fair value through profit & loss (FVTPL)**

A financial asset which is not classified in any of above categories are measured at FVTPL. The Company measures all financial assets classified as FVTPL at fair value at each reporting date. The changes in fair value of financial assets is recognised in Profit and loss account.

**(c) Financial assets and liabilities****(i) Amortised cost and effective interest method**

"The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period." "For the financial instrument other than purchased or originated credit-impaired financial assets, the effective interest rate is the rate that exactly discounts estimated future cash flows (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses, through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition." "The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. On the other hand, the gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance."

**(ii) Financial assets held for trading**

The Company classifies financial assets as held for trading when they have been purchased or issued primarily for short-term profit making through trading activities or form part of a portfolio of financial instruments that are managed together, for which there is evidence of a recent pattern of short-term profit taking. Held-for-trading assets are recorded and measured in the balance sheet at fair value. Changes in fair value are recognised in net gain on fair value changes.

**(iii) Investment in Equity instruments**

The Company subsequently measures all equity investments at FVTPL, unless the Company's management has elected to classify irrevocably some of its strategic equity investments to be measured at FVOCI, when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments: Presentation and are not held for trading. Such classification is determined on an instrument-by-instrument basis.

**(iv) Financial Liabilities**

All the financial liabilities are measured at amortised cost except loan commitments, financial guarantees.

**(v) Financial liabilities and equity instruments**

Financial instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. "An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

**(vi) Reclassification of financial assets and financial liabilities**

The Company does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line. The company didn't reclassify any of its financial assets or liabilities in current period and previous period.

**(d) Derecognition of financial assets and liabilities****(i) Derecognition of financial asset**

A financial asset (or, where applicable a part of a financial asset or a part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Company also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Company has transferred the financial asset if and only if; either

- The Company has transferred the rights to receive cash flows from the financial asset or
- It retains the contractual rights to receive the cash flows of the financial asset but assumed a contractual obligation to pay the cash flows in full without material delay to third party under 'pass through' arrangement.

A transfer only qualifies for derecognition if either:

- The Company has transferred substantially all the risks and rewards of the asset, or
- The Company has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

The Company considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

**(ii) Derecognition of financial liabilities**

A Financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid, including modified contractual cash flow recognised as new financial liability, is recognised statement of profit and loss.

**Impairment of financial assets**

The Company records allowance for expected credit losses for financial assets carried at amortised cost and all debt financial assets not held at FVTPL, in this section all referred to as 'Financial instruments'. Equity instruments are not subject to impairment under Ind AS 109.

ECL is a probability-weighted estimate of credit losses. A credit loss is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive discounted at the original effective interest rate. Because ECL consider the amount and timing of payments, a credit loss arises even if the entity expects to be paid in full but later than when contractually due.

**Simplified Approach**

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance. However, if receivables contain a significant financing component, the Company chooses as its accounting policy to measure the loss allowance by applying general approach to measure ECL.

**General Approach**

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss as outlined in Note 35).

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is the portion of Lifetime ECL that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

**Fair value measurement**

The Company measures financial instruments at fair value at each balance sheet date using various valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Company's accounting policies require, measurement of certain financial / non-financial assets and liabilities at fair values (either on a recurring or non-recurring basis). Also, the fair values of financial instruments measured at amortized cost are required to be disclosed in the said financial statements.

The Company is required to classify the fair valuation method of the financial / non-financial assets and liabilities, either measured or disclosed at fair value in the financial statements, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurement). Accordingly, the Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy described as follows:

**Level 1 financial instruments:**

Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

**Level 2 financial instruments :**

Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the "entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Group will classify the instruments as Level 3.

**Level 3 financial instruments:**

Those that include one or more unobservable input that is significant to the measurement as whole.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company periodically reviews its valuation techniques including the adopted methodologies and model calibrations. Therefore, the Company applies various techniques to estimate the credit risk associated with its financial instruments measured at fair value, which include a portfolio-based approach that estimates the expected net exposure per counterparty over the full lifetime of the individual assets, in order to reflect the credit risk of the individual counterparties for non-collateralised financial instruments.

The Company evaluates the levelling at each reporting period on an instrument-by-instrument basis and reclassifies instruments when necessary based on the facts at the end of the reporting period.

**(iv) Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

**(f) Earnings per share:**

"Basic earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding for the year.

Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by weighted average number of equity shares considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all potential equity shares.

**(g) Retirement and other employee benefit:**

**Gratuity:**

The company provides for gratuity for employees who are in continuous service for a period of five years . The amount of gratuity payable on retirement/ termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied by number of years of service.

**(h) Property, plant and equipment**

All items of property, plant and equipment are measured at cost less accumulated depreciation and impairment loss if any. The cost comprises the purchase price and incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management.

Changes in the expected useful life are accounted for by changing the amortization period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are recognized in profit or loss during the reporting period, as and when they are incurred.

Depreciation is calculated using the straight-line method to write down the cost of property and equipment to their residual values over their estimated useful lives which is in line with the estimated useful life as specified in Schedule II of the Companies Act, 2013

As per the requirement of Schedule II of the Companies Act, 2013, the Company has evaluated the useful lives of the respective fixed assets which are as per the provisions of Part C of the Schedule II for calculating the depreciation. The estimated useful lives of the fixed assets are as follows:

Nature of assets	Estimated useful lives
Office equipment	5 years
Computer Systems	3 years
Furniture & fixtures	10 years

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. The carrying amount of those components which have been separately recognised as assets is derecognised at the time of replacement thereof. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

**(i) Intangible assets:**

An intangible asset is recognised only when its cost can be measured reliably, and it is probable that the expected future economic benefits that are attributable to it will flow to the company.

Intangible assets are recorded at the consideration paid for the acquisition of such assets and are carried at cost less accumulated amortization and impairment, if any.

The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at each financial year-end. Changes in the expected useful life, or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortization period or methodology, as appropriate, which are then treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is presented as a separate line item in the statement of profit and loss.

Intangibles such as software are amortised over a period of 3 years based on its estimated useful life.

Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

**(j) Impairment of non-financial assets**

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired based on internal/external factors. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of cash generating unit which the asset belongs to is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the impairment is reversed subject to a maximum carrying value of the asset before impairment.

**(k) Provisions and other contingent liabilities**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

A present obligation that arises from past events, where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Claims against the Company, where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognized in the financial statements since this may result in the recognition of income that may never be realized. However, when the realization of income is virtually certain, then the related asset is not a contingent asset and is recognized.

**(l) Taxes****(i) Current income tax**

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

**(ii) Deferred tax**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously.

**(iii) Current and deferred tax for the year:**

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

**(iv) Minimum Alternate Tax (MAT)**

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that it is probable that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the MAT Credit Entitlement asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

**(m) Cash and cash equivalents**

Cash and cash equivalents comprise the net amount of short-term, highly liquid investments that are readily convertible to known amounts of cash (short-term deposits with an original maturity of three months or less) and are subject to an insignificant risk of change in value, cheques on hand and balances with banks. They are held for the purposes of meeting short-term cash commitments (rather than for investment or other purposes).

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

### 3 Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

#### Critical judgements in applying accounting policies :

##### (i) Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility.

##### (ii) Impairment of Non-Financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the company estimates the asset's recoverable amount. An asset's recoverable amount is higher of an asset's fair value less cost of disposal and its value in use. Where the carrying amount exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

##### (iii) Provision and contingent liabilities

"The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration and regulatory investigations and proceedings in the ordinary course of its business.

When the Company can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Company records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed.

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgment is required to conclude on these estimates.

##### (iv) Provisions for Income Taxes

Significant judgements are involved in determining the provision for income taxes including judgement on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods.

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectation of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

**31. SEGMENT REORTING**

The Company is exclusively engaged in the business of of financial activites which includes trading and investment in shares, granting of loans, etc., since the nature of these business are exposed to similar risks and return profiles, hence they are collectively operating under a single segment. Accordingly the Company does not have any reportable Segments as per Indian Accounting Standard 108 "Operating Segments".

**32. FAIR VALUE MEASUREMENTS****A. Valuation Principles**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques:

**Level 1** - Valuation technique using quoted market price: financial instruments with quoted prices for identical instruments in active markets that Company can access at the measurement date.

**Level 2** - Valuation technique using observable inputs: Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life.

**Level 3** - Valuation technique with significant unobservable inputs: Those that include one or more unobservable input that is significant to the measurement as whole.

**B. The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy**

**Expected Credit Loss (ECL) on Financial Assets**

The Company continuously monitors all financial assets subject to ECLs. In order to determine whether an instrument is subject to 12 month ECL (12mECL) or life time ECL (LTECL), the Company assesses whether there has been a significant increase in credit risk or the asset has become credit impaired since initial recognition. The Company applies following quantitative and qualitative criteria to assess whether there is significant increase in credit risk or the asset has been credit impaired:
 

- Historical trend of collection from counterparty
- Company's contractual rights with respect to recovery of dues from counterparty
- Credit rating of counterparty and any relevant information available in public domain.

ECL is a probability weighted estimate of credit losses. It is measured as the present value of cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with contract and the cash flows that the Company expects to receive).

**The Company has following type of financial assets that are subject to the expected credit loss:**

**(i) Trade and other receivables**

Exposures to customers' outstanding at the end of each reporting period are reviewed by the Company to determine incurred and expected credit losses. Historical trends of collection from counterparties on timely basis reflects low level of credit risk. As the Company has a contractual right to such receivables as well as the control over such funds due from customers, the Company does not estimate any credit risk in relation to such receivables.

**(ii) Cash and cash equivalents and other bank balances**

The Company holds cash and cash equivalents. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be high.

**(B) Liquidity Risk**

Liquidity risk is defined as the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Company might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances. Such scenarios could occur when funding needed for illiquid asset positions is not available to the Company on acceptable terms.

To limit this risk, management has adopted a policy of managing assets with liquidity in mind and monitoring future cash flows and liquidity on a regular basis. The Company has developed internal control processes for managing liquidity risk.

The Company maintains a portfolio of highly marketable and diverse assets that are assumed to be easily liquidated in the event of an unforeseen interruption in cash flow. The Company assesses the liquidity position under a variety of scenarios, giving due consideration to stress factors relating to both the market in general and specifically to the company.

**Exposure to Liquidity Risk**

The table below analyses the Company's financial assets and liabilities into relevant maturity pattern based on their contractual maturities for all financial assets and liabilities.

Particulars	Upto 1 year	Between 1 and 3 years	Between 3 and 5 years	Total
<b>As at March 31, 2021</b>				
<b>Financial Liability</b>				
Other financial liabilities	45,000	-	-	45,000
<b>As at March 31, 2020</b>				
<b>Financial Liability</b>				
Other financial liabilities	40,900	-	-	40,900

**(C) Market Risk**

Market risk is the risk of loss of future earnings, fair values or future cash flows related to financial instrument that may result from adverse changes in market rates and prices (such as foreign exchange rates, interest rates, other prices). The Company is exposed to market risk primarily related to interest rate risk and price risk.

**(i) Interest Rate Risk**

The Company is mainly exposed to the interest rate risk for its Loans and Advances. The interest rate risk arises due to uncertainties about the future market interest rate on these Loans.

As at March 31, 2021, Gross Amount of Loan given is INR 7,35,00,000/- (March 31, 2020: INR 6,83,00,000/-). These are exposed to interest rate risk.

**Sensitivity Analysis**

The table below sets out the effect of increase/decrease in interest rates of 1%:

Particular	(Amount in INR)	
	March 31, 2021	March 31, 2020
1% Increase in interest rate	735,000	683,000
1% decrease in interest rate	(735,000)	(683,000)

**(ii) Price Risk**

Price risk is the risk that the value of the financial instrument will fluctuate as a result of changes in market prices and related market variables including interest rate for investments in debt oriented mutual funds and debt securities, whether caused by factors specific to an individual investment, its issuer or the market. The Company's exposure to price risk arises from investments in equity securities and units of mutual funds which are classified as financial assets at Fair Value Through Profit and Loss and is as follows:

(Amount in INR)

Particular	March 31, 2021	March 31, 2020
Exposure to price risk	17,939,736	11,891,925

To manage its price risk arising from investments in equity securities and units of mutual funds, the company diversifies its portfolio.

**Sensitivity Analysis**

The table below sets out the effect on profit or loss due to reasonable possible increase/ decrease in prices of 1% :

(Amount in INR)

Particular	March 31, 2021	March 31, 2020
Effect on Profit and Loss		
1% increase in the prices	179,397	118,919
1% decrease in the prices	(179,397)	(118,919)

**34. CAPITAL MANAGEMENT**

The Company maintains an actively managed capital base to cover risks inherent in the business which includes issued equity capital and all other equity reserves attributable to equity holders of the Company.

As an NBFC, the RBI requires to maintain a minimum capital to risk weighted assets ratio ("CRAR") consisting of Tier I and Tier II Capital of 15% of our aggregate risk weighted assets. Further, the total of Tier II capital cannot exceed 100% of Tier I capital at any point of time. The capital management process of the Company ensures to maintain a healthy CRAR at all the times.
