Tobacco use in any form causes not only loss of lives but also huge economic and social costs. Even though the harmful effects of tobacco use are well known, tobacco product promotion and limited availability of cessation support remain a big concern. It is, therefore, necessary that the country should come up with effective enforcement of tobacco control policies and anti-tobacco campaigns to dissuade people, especially the youngsters, from the use of tobacco. There is an urgent need to increase statespecific tobacco cessation infrastructure that will support the increasing calls from users for cessation help on the existing
